IMAGINE A WORLD THAT KNOWS **WHY!**

Are you truly tapped into and on fire with why you exist as a human being and as a leader? Are you living this deeper WHY and engaging others around you with it? Without that clear and compelling WHY, that Gerry Visca defines as the: World Helped by You, it's difficult to truly connect with yourself and the world around you. It is one's deeper driving WHY that inspires others to want to help bring a compelling vision to life, even in times of challenge and change. Although the concept of WHY seems self-evident in today's leadership world; IGNITING and LIVING it is the biggest opportunity to impact our world today.

INSPIRATION THAT **LASTS BEYOND THE KEY NOTE**

Gerry Visca is the Why Guy inspiring 1 Million WHYS. His most personal novels and Why Books to date presents us with a window to our soul's origin and the deeper reason WHY we are here. There is an innocence of truth to Gerry's transformational work that inspires a deeper understanding of who we really are. Along his expansive journey of inspiring 1 Million WHYS he has captured some of the most prestigious international branding and book awards, inspired across 11 countries as a registered speaker, published 22 transformational books, audio programs and novels and is the founding publisher of the "I Know Why" book series; a global movement celebrating everyday people igniting and living their deeper why. It's time to answer the only question that matters with the Why Guy: WHY AM I HERE?

[ENGAGING THEMES + PASSIONATE DELIVERY = INSPIRING MOMENTUM]

I have had the privilege to work with Gerry in a variety of speaking sessions over the past three years and most recently at canfitpro World Fitness Expo.

Gerry has the ability to connect with his audiences in a deep and profound way. His topics are stand-alone-unique and he has a way to get to the heart of the matter with people quickly.
